3-5 Year Vinyl

This 3 mil. economy material has a nice gloss. Available in 32 colors. It will adhere well to most any clean, smooth surface. Great for window and sign board lettering.

8 Year Vinyl

Our 8 year high performance 2 mil. vinyl is more forgiving and will stretch over rivets, auto body curves and contours in the sign surface. Use this material for painted walls and vehicle graphics or anywhere an extended life is needed. Available in 32 colors.

Reflective Vinyl

Like a stop sign, this material shines back at any approaching lights. This material is stiffer than our other vinyls; it requires a very smooth surface for best adhesion. Available in WHITE, BLACK, RED, YELLOW, BLUE, ORANGE and GREEN. Outdoor life is 5-7 years.

Prism Vinyl

Prism vinyl is the sparkly silver material you see that glimmers all colors of the rainbow. After one year, this material loses most of its shine.

Fluorescent Vinyl

If it needs to be bright, go with fluorescent vinyls. Available in PINK, ORANGE, GREEN and YELLOW. Expect Fluorescent color to fade in about 6 months depending on the sun light intensity in your area.

Chrome & Gold Foil Vinyl

Chrome Mirror and Gold Mirror vinyls will retain their brilliance for 1-2 years in most cases.

VINYL BANNERS

MEDIUM WEIGHT BANNER w/ VINYL DECALS

Medium weight, sewn banners (14 oz.) with grommets have vinyl lettering and decals applied to them. These are great for short term promotions. Banners are available in most any size and color combination. Sizes from 2x4 feet up to 3x12 feet are stocked in WHITE, YELLOW and RED and can usually be shipped same or next day. Other sizes and colors can be made and shipped in just 2-3 days. Lettering should be limited to 1-3 lines of large letters. There is an additional charge for extra colors.

MEDIUM WEIGHT BANNER w/ DIGITAL PRINT

Digitally printed medium weight banners (14 oz.) can be printed in full color from edge to edge. Photographs and color fades are no problem. Banners are finished with hem tape and grommets. These are great for short term promotions. Digital Banners can be made any size up to 4x25 feet and are usually shipped in 1-2 days. Because these are produced digitally, you can include any amount of text and there are no limits to the number of colors you use.

2 SIDED HEAVY WEIGHT BANNER w/ VINYL DECALS

Heavy weight 18 oz. double sided banners have a special blackout material between the two surfaces to prevent sunlight from showing the reverse message through. These banners are available by special order in most any color combination. Banners are sewn and have grommets every 2-3 feet. Lettering should be limited to 1-3 lines of large letters. There is an additional charge for extra colors.

BANNER INSTALLATION TIPS

Use stretch cords (bungee cords) hooked into the corner grommet holes. For larger banners, install top and bottom cables between two posts and install bungee cords at each grommet location. Avoid installing banners adjacent to other signs and building corners because they will receive extra pressure from deflected winds. When possible, install banners against a wall – the wall will take the stress rather than your banner. A common installation method is to order the banner oversized so that you can wrap the banner around a signboard and staple it on the backside.

TERMS & CONDITIONS

**ALL PRICES
SUBJECT TO CHANGE**

GUARANTEE

We use only the finest materials available to ensure long lasting products! Should you find a defect in materials or workmanship within 1 year of your purchase, we will gladly replace the product. This does not apply to changes of the approved design after production has started, products used for a purpose not intended by the by the manufacturer or products that are lost or stolen after delivery. Care and handling information is supplied with all magnetic sign orders. The buyer is responsible for testing to determine suitability of use for all other products. We continually upgrade our equipment and materials to expand our capabilities and provide the highest quality. This may result in slight variations in color, material or finish over previous production.

COLOR ACCURACY

Every computer monitor and printer shows colors slightly different. Color matching can only be guaranteed if Pantone color numbers are supplied AND your invoice is itemized to include a charge for PANTONE COLOR MATCHING. All other orders subject to standard colors.

RETURNS

Return of unused stock items such as blank magnet, can be returned with a 15% restocking fee. Custom cut or printed products are non-returnable.

RUSH SERVICE

Rush service or a specific shipping date can be arranged based on workload. Be sure any agreed shipping date is specified on your quote/invoice if the date is critical

SHIPPING CHARGES

Shipping charges are a pass-thru for us; we do not mark up shipping fees. Shipping charges incurred can not be refunded for any reason. We can not guarantee DELIVERY DATE as this can only be controlled by the shipping company. If premium shipping is paid for and the shipper does not perform, we will work with you to get a refund of shipping costs. We can not be held responsible for the shippers errors. We will pay GROUND postage ONLY for any mistakes or omissions by us when reshipping to you. Postage for returning products to us is at the customers expense.
